

Ob/Gyn Society
Bulletin of the Allegheny County Medical society,
November, 2009

Dr. Thomas Chang and Kelly Otter served as guest speakers at the October 12 meeting of the Pittsburgh Obstetrical and Gynecological society. A radiologist at Weinstein Imaging, Dr. Chang discussed ultrasounds performed on patients with the potential for aneuploidy and other chromosomal abnormalities in their fetuses. Ms. Otter, representative of Genzyme, spoke of the testing available for chromosomal disorders and how the results should be interpreted. Genzyme provides genetic counseling in addition to the testing performed.
